**Discussion Items**

1. Orcas Village was identified in the 1998 Comprehensive Plan as an activity center. The characteristics of the village, its boundaries and allowable densities were refined by Ordinance 11-2000.
2. A new section of the plan is drafted to address new moorage development and expansion of existing moorage facilities in the Village.
3. Ferry Facilities and Operations some options for changing the layout of the terminal are being examined. There may be other, relatively low cost options, such as a cross walk, to increase pedestrian safety at the landing site that can be explored.
4. Allowed Density
5. Allowed Uses
6. Development Standards
