Subject: PUBLIC Comment Fwd: Crosswalks in the village and outskirts

Hi everyone,

Michael (who lives with his family near the crosswalk referenced below) has a suggestion for consideration. Someone mentioned that this suggestion would also be a good consideration for the crossing between Loho and the post office.

Hi Sandy,

I'm writing you because of the village planning, that is on going. My one main concern is the crosswalk in front of grace church. Whenever I or someone in my family attempts to walk across the road legally. It's like no one seems to know that it's a legit crosswalk. I know your one of many whom I could email about this issue. But it would be nice to change the cross walk, so there are flags on sticks, that can be waved to notify people that someone is about to cross the road. Please forward my email to anyone that you think can make it happen. I just don't want to see anyone get hurt.

Thanks for understanding and have a wonderful year.
