Hi

I am in the process of organizing this, for review, and will send you a copy of the entire packet, later. Here is just the site plan, which shows part of the after-the-fact bulkhead. The site plan failed to show the westerly portion and I must ask for that correction.

Thanks
Lee

Hi Lee,

Please see the email below that came into the CDP inbox.

Regards,
Lynda

Is this a valid email for requesting a copy of a project for review?

I work for the Dept. of Natural Resources and would like to review the project in the subject line to see if it occurs on State-owned aquatic land or not.

Thank you,

Lesslie Kahns
