**Subject:** We support the Vision update

To the San Juan County Council,

We support the update of the SJC Visioning Plan which will be discussed at the June 11, 2018 meeting. We especially encourage you to, after passing this plan, make consistent and authentic actions on its behalf. There has been great effort throughout this visioning process, and SJC has the opportunity to take the lead and demonstrate that these goals have practical merit that will be implemented. Please be tireless in your efforts in support of these Visioning guidelines.

Sincerely,

Robert Dash and Ranna McNeil
