Subject: Support for the Docket "buildout/impact analysis" request

I write in support of the Docket application submitted by Joe Symons and others that will be heard tomorrow, June 15th.

It is vitally important that San Juan County citizens who overwhelmingly support the vision statement be given the means to understand the implications of continuing on our current trajectory. The buildout/impact analysis requested is necessary so that the true impact of development, at all levels including economic, ecological, social, can be honestly addressed.

I urge you to approve the request.

Thank you for your consideration,

Lorna Rhodes
