Subject: Mobile food vending units

Hi

I would like to put my vote in for KEEPING FOOD VENDING UNITS on Lopez *for more than* just the 3 days as being proposed in Draft 18.30.XXX.

I have a food truck next to Paper Scissors on the Rock and it brings a lot of people into the heart of the Village.

It offers an alternative to the restaurants on the island, many of which are not open 7 days a week.

If this draft goes through, it means that some people will not have a job and the owners lively hood will be jeopardized.

If this draft goes through, from my reading, the food vendors at The Saturday Market will be thrown out except for 3 days during the entire event. The food vendors are a big draw for the Market, thus hurting the other sellers there.

The vendor next to me is neat, very conscientious about her impact on the area and I believe a real asset to the Village.

Please do not support this regulation that hurts Food Vending units. As one of the largest retailers on the island, I encourage you to rethink this regulation and allow food trucks to be a viable business opportunity for many people.

Sincerely,
Ron Hall
