Hello to Members of the Comp Plan Committee,

I strongly urge the PC to recommend that Docket 19-0002 be given high priority and sent to the Council.

Build out and impact analysis is essential for future planning of the islands. I read where the current buildout is not consistent with the Vision Statement. Is the Comp plan consistent with the thoughtfully created Vision Statement?

It is vital that the needs of the islands' environment be respected and the beauty preserved.

Sincerely,
Beverly Leyman
