I support docket 19-0002

Build out and impact analysis is essential for wise planning

* Comp Plan must be internally consistent. Current buildout is not consistent with the Vision Statement

* I strongly urge the PC to recommend that Docket 19-0002 be given high priority and sent to the Council

* I disagree with DCD's recommendation for Docket 19-0002; this information is critical for navigating our future wisely
