To whom it may concern,
The birth of my child is just days away. Although there are many beautiful places with more job opportunities and more affordable property, my partner and I want to stay and "make it work" on Orcas because it is such a special place, and contains such a special community. I hope that some semblance of that quality remains for our children as they grow. I support docket 19-0002.
Thank you,
Emmet Woods
