Hello Planning Commission and San Juan County Council,

I am writing in support of continuing the work that has been done on the current Marijuana Moratorium, and bringing a County ordinance into fruition via an extension. I appreciate all the work and care that the County planning staff and Bill Watson have put into this urgent matter of initiating regulation around the Marijuana industry in SJ County from grow op size, neighboring house distance guidelines, minimum lot size for tier category, and insuring proper zoning for the sort of industrial business that Marijuana growing and processing is.

Thank you San Juan County Council for taking action on this matter!

Best,  
Juliene
