Hello Council Members,
I am concerned about fair and open public access to discussions regarding Vacation Rentals.

It is currently January 26th at 9:30 am and the recording of yesterday's Council meeting is still not available on the SJC site or on the YouTube channel. It is impossible to make timely public comments during the Tuesday sessions when we have not been able to view the Monday sessions. Many of us work during the week and are unable to view the live stream of the Monday meetings.

Also, Vacation Rentals were discussed during the January 10th and 11th meetings, but were not included on either Agenda.

Please give us advance notice in the Agendas about all topics to be discussed, and post the recordings of the Monday meetings so they can be viewed before the Tuesday public comment time.

Thank you,
Jan Scilipoti
