Dear Council Members,

Our island has not yet had the chance to fully assess the present and future impact of short term vacation rentals on our limited resources and natural environment. Although it is certainly necessary to encourage tourism for our local businesses, a compromise that supports both and is attainable is necessary.

A moratorium to allow examination of the impacts should be continued until we can determine how to proceed.

Thank you for your ongoing contributions and your attention to this important matter.

Respectfully,

Katherine Yturri
