Dear County Council Members,
Please consider extending the moratorium on vacation rental permits in San Juan County for at least 6 months and preferably for 1 year so that the effects of an ever increasing number of vacation rental on our communities and wild landscape can be further studied.

A vacation rental on our narrow dirt road has resulted in more traffic, noise, and pressure on wildlife and the beach. We value our peace and quiet on our dead end road which has been disrupted by noisy vacation renters especially at night. The limited water supply has been strained by vacation renters who don't seem to understand to limit water usage.

Thank you for your attention.
