Subject: in favor of extending moratorium

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello,

I attended two of the live meetings organized by Island Stewards and I have looked over arguments made by Hosting on the Rock. While the latter makes some points to be considered in lifting the moratorium, they do not in themselves make a strong enough case for allowing those who are in the rental business, with minimal investment or involvement in the community, to continue negatively affecting housing availability and affordability on the islands.

Thanks, Jeffrey Steele
