I understand that there is currently no “Truth in Planning” component to the Comprehensive Plan for San Juan County. We love our island home; it’s peace and quiet and minimal traffic. The rural character of our islands must be maintained and protected from development and becoming a community of second homes for the wealthy. Development needs to be focused on urban areas to curtail the suburban sprawl that is starting to overtake many areas. Limiting building permits would help. I want to continue to ride my horse through the woods and walk on quiet beaches. To be able to do that we need a Truth In Planning component in the Comprehensive Plan.
