## San Juan County

FOR IMMEDIATE RELEASE: August 3, 2021

### **CASE CLUSTER INVESTIGATION UNDERWAY**

Since Friday's Weekly Case Update, San Juan County has confirmed four new positive COVID-19 cases. This brings the total number of cases in San Juan County to 201. Three of these new cases are on Orcas Island. San Juan County is currently investigating this case cluster to determine the source and scope of disease transmission.

On Monday, August 2nd, San Juan County staff went to Orcas Island to test close contacts of confirmed positive cases and those who tested positive from an over-the-counter test.

Details of this case cluster are under investigation and more information may become available after the case investigations are complete.

If you are symptomatic, please contact your local healthcare provider to schedule a COVID-19 test. Common symptoms include: fever, cough, headache, loss of taste or smell, shortness of breath, fatigue, sore throat, congestion, nausea or vomiting, muscle and body aches and diarrhea.
