I'm a full time resident on Orcas Island and have seen changes in our small, rural, Sea Acres neighborhood during the past years with the amount of rental permits allowed.

I would like to ask the council members how you would feel if as a home owner experiencing new vacation renters every few days. Some are lovely others are loud/crass with curse words during arguments, careless (with fire-pits), dogs off leashes chasing deer, speeding on our residential roads, using a private dock that's an insurance liability. etc..

It's unsettling not knowing who will be next door (and our homes are close to one another) week-to-week.

WE NEED to create justice for residents who care about preserving the beauty and character of our rural islands. Eastsound is getting so crowded that it's sometimes hard to find parking.

I understand the need for tourism however it's becoming unmanageable and we need to have a moratorium on rental permits.

I feel that greed has taken over and future generations will wonder how we allowed our island to be spoiled by short-sightedness.

IT'S TIME FOR FAIRNESS and BALANCE.
