Subject: Docket Request 21-0003

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I don't know much about this complicated situation, but I am concerned about our islands becoming overpopulated. We have owned property here on Lopez since the 1960's and we especially treasure the rural atmosphere, the forests, the quiet. I worry about adding more people because of the limited water supply, the loss of forests, the pressure on the failing ferry system. I think you must put population and building limits in place to protect these precious islands.

I urge the County Council to put Docket 21-0003 on the work plan for DCD as part of the process for completing the Comprehensive Plan update.

Thank you for your attention.
