**Subject:** Docket Request 21-0003

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I urge the County Council to put Docket 21-0003 on the work plan for DCD as part of the process for completing the Comprehensive Plan update.

I have read much of the material provided by Joe Symons. I know this is a complicated area, but it is essential that we as a county fully research and analyse the future of development in San Juan County, and to assure that the future population does not exceed the reasonable carrying capacity of the islands and at the same time to we need to preserve the quality of the environment and our lives in the islands. We are currently experiencing rapid growth and it is essential that we do the work now, before it is too late.

Respectively,

Ann Palmer  
Lopez Island
