Subject: Cap on STRs

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I live on Orcas and am greatly concerned about the environmental pressure the growing tourist population is putting on our small island.

Please address this by voting in a cap on new VRs which is based on the number of compliant/active permits as of August 20 rather than waiting until the ordinance takes effect.

Please do not allow a surge of new VRs which will also increase the cap!

Thank you,
Kate Yturri
