

# MEDIA RELEASE

## San Juan County

FOR IMMEDIATE RELEASE: September 24, 2021

### Weekly Case Update

Since the [last update](#) on Friday September 17th, there have been eight new confirmed or probable cases in San Juan County. Current total case count is now 300.

Of these eight new cases, initial investigations indicate that three appear to have occurred in fully vaccinated individuals.

There are approximately nine unvaccinated close contacts of positive cases who are currently in two-week quarantine.

LOPEZ ISLAND: There are four new cases on Lopez Island since the last update. There are four positive cases under active monitoring on Lopez Island.

ORCAS ISLAND: There is one new case on Orcas Island since the last update. There are three positive cases under active monitoring on Orcas Island.

SAN JUAN ISLAND: There are three new cases on San Juan Island since the last update. There are six positive cases under active monitoring on San Juan Island.

SHAW ISLAND: There are no new cases on Shaw Island since the last update. There are no positive cases under active monitoring on Shaw Island.

OUTER ISLANDS: There are no new cases in the outer islands since the last update. There are no positive cases under active monitoring in the outer islands.

**IF YOU NEED TO GET VACCINATED**: Those wanting a first or second shot of Pfizer or a first (and only) dose of Johnson and Johnson should sign up for clinics happening on San Juan (OCT 5<sup>th</sup>), Orcas (OCT 6<sup>th</sup>), and Lopez (OCT 7<sup>th</sup>) by going [HERE](#) to register. Pfizer for ages 12 and up, Johnson and Johnson for ages 18 and older.

**THIRD DOSE BOOSTERS**: Final CDC approval of third dose Pfizer boosters for some higher risk members of the community is expected shortly. Once approved, the County and other local healthcare providers will be making boosters available. Stay tuned for more detailed info. Please do NOT sign up for the clinics linked above to get a booster shot.
