Subject: Docket Request 21-0003

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

We urge the County Council to put Docket 21-0003 on the work plan for DCD as part of the process for completing the Comprehensive Plan update.

The appropriate means of proceeding with 03 is to work with local stakeholders to craft a true buildout/impact analysis process, involving professional consultants and a public engagement process that fully and honorably provides extensive opportunity to shape the process by which the analysis, its conclusions, and recommendations can be brought into alignment with the Vision Statement and codified into law.

•Council must thoroughly and clearly express its reasons for whatever decision it makes regarding docket 21-0003. Comments by Council to date do not meet this standard. Please do better.
