Members of the San Juan County Planning Commission
PO Box 947
Friday Harbor, WA 98250

Dear Members of the San Juan County Planning Commission:

We strongly support your August 20 unanimous decision to recommend to the County Council both a county cap and island-by-island caps on the issuance of new permits for vacation rentals based on the number of active and compliant vacation permits. We enjoy a quiet neighborhood and have found over the years that even one vacation rental can destroy such an atmosphere. Your proposed caps are a reasonable solution to a growing problem. We hope that these are enacted by the San Juan County Council and subsequently strictly enforced.

Sincerely yours,

Lynn M. Riddiford

James W. Truman
