Subject: The Cap

Dear Commission Members,

I whole heartedly support a cap based on compliant and active permits rather than simply compliant permits. This will not affect existing permits. The negative impacts of vacation rentals are already too much and we need a limit. Renting a unit or room on full time resident's property is pretty low impact. However, allowing what has become an essentially a commercial use in SINGLE FAMILY neighborhoods via on-line booking is just wrong. We need a limit on this erosion of our sense of community.

Thank you for your consideration,
Gregory Oaksen, Eastsound
